Lab Screening/Confirmation Services

Our full service laboratory offers a variety of drug testing services. Testing is performed by highly trained staff following state and federal guidelines.

Steroid Testing

Our steroid test is ideal for sports associations, schools, corrections and occupational health agencies. Test for a wide range of steroids and diuretics with a comprehensive steroid panel.

Drugs of Abuse Saliva Testing

With oral fluid collect and send laboratory testing you gain the convenience of gender-neutral collection combined with the accuracy of lab testing.

EtG/EtS Alcohol Testing

Offering ethyl glucuronide and ethyl sulfate testing, known as the EtG/EtS in urine for up to 80 hours after ethanol ingestion.

Drugs of Abuse Urine Testing

Over 70,000 urine specimens processed each week for thousands of clients- utilizing the most sophisticated, sensitive and specific equipment to screen, confirm and quantitate drugs of abuse in urine.

Esoteric Testing

Providing a wide range of specialized laboratory tests including: gamma-hydroxybutyric acid (GHB) testing; fentanyl testing; hCG (pregnancy) testing, and more.

For pricing on any of these services call Colonial Scientific at 866-898-4360.

Hair testing for Drugs of Abuse

- Test for the five most commonly abused drugs
- Detects drug use for the prior 90 days
- Laboratory GC/MS Confirmation of positive test results
- Includes hair collection kit and easy to follow instructions

One of the most important advantages of a hair drug test is that it can detect drug use anytime during the past 90 days. A urine or saliva drug however, can detect drug use for the past two to three days for most drugs.

ITEM #	DESCRIPTION	PRICE
01-4101-120	Hair testing	\$79.00
